Market Was Spotty, with the Close Generally Easy-Week Opens

Well in Local Trading. At New York yesterday money on call

Prime mercantile paper, 31/2@41/4 per cent. Sterling exchange was easy, with actual business in bankers' bills at \$4.871/4@4.871/4 for demand and \$4.84 for sixty days; posted rates, \$4.85@4.831/2 and \$4.881/2; commercial bills, \$4.83\4604.83\4.

Bilver certificates were 611/2063c; bar silver, 60%c; Mexican dollars, 48c. Bar silver at London closed at 281/4d an ounce, Yesterday's New York stock market was a duli one in spite of the large transactions and wide price movements in some individual stocks. The inertia of the general market, in spite of these spotty appearance. Professional operalarge degree for such dealings as occurred and for the manipulation which exaggerated the price movement. Where professional manipulation was not at work the day's movement will be seen to have been very sluggish, and not a few small losses are recorded even among stocks which are usually prominent in the market. The interruption of telegraphic communications on account of the storm curtailed activity to some extent. Of the day's special movements that in Burlington attracted the most attention. St. Paul sold ex-rights in the morning, the rights being quoted at 41/2014%, reducing the price to 150 or under. This gave the supporters of Burlington an opportunity to lift that stock over St. Paul to 1511, a rise over Saturday of 2%. There was no news regarding the stock beyond the old rumors of refunding. The coal carrying roads were strong with a few exceptions, where an advance aiready has been made. Both the anthracite and the bituminous coal groups shared in the movement. Speculators profess confidence that the labor questions will be satisfactorily adjusted. The gain reached 3% in Lackawanna and 3 in Delaware & Hudson. There was a movements against the Gould Southwesterns led by Missouri Pacific with an advance of 3 points. The Wabash securities were also in large demand. The only explanation which traders found for the movement against the Gould Southwestterest payment on the debenture B bonds. There was an early decline of over a point in Sugar on account of the cut in the price of refined sugar. The stock rallied to well over Saturday, but closed unchanged. Great Northern preferred was marked up 6 points in connection with the presence in this city of the president and rumors that a melon is to be cut. Amalgamated Copper was strong. There were gains of from 2 to 31/2 in Chicago & Alton, Ann Arbor preferred, Fort Worth & Rio Grande and American Ice preferred. The dismissal of the injunction against the absorbtion of the Guggenheim interests by the American Smelting Company caused a rise in those stocks of 314 for the common and 2 for the preferred. The realizing movement in the last hour cut down all these advances to some extent and in the active stocks reactions ran from 1 to 2 points, with the close easy. There was no disturbance in the money market, A. M. FLETCHER was no disturbance in the money market, but the weak showing made by the banks in Saturday's statements and some large prices of the wholesale dealers.) cause an apprehension that there will be

some calling of loans before the end of the week. There was a very large absorption of bonds, especially of the low grade and semi-speculative issue. Total sales, at par value, were \$5,855,000. United States refunding advanced 1/3 and the new fours declined % per cent. on the last call.
Following are the day's share sales and the closing bid prices:

LOCAL GRAIN AND PRODUCE.

The Week Opens with a Fair Trade

and Firm, Steady Prices. On the wholesale streets and Commission row Saturday by traveling salesmen, had a fairly is in a weak condition, but leather is active, with prices steady. No change is noted in butter but eggs dropped to 11 cents. The demand is good, but receipts are plentiful enough to supply all calls and make heavy shipments. Cheese is not heavy. Stocks throughout the country are reported to be too much reduced to allow heavy domestic demand. Druggists are still having a good trade, and the last six months have been among the best trade months they have ever tinues dull. All cereals are readily taken at secretary of the Board of Trade:

CRIPPLED WIRE SERVICE DE-TERRED SPECULATIVE ACTIVITY.

Breaks in Corn and Wheat in a Small Market-Provisions Stagnant with a Generally Easier Tone.

CHICAGO, March 11.-Prostrated telegraph wires and a disposition to wait for government crop figures resulted in extremely dull markets to-day. Wheat closed 4c, corn 40%c and oats 40%c lower. Provisions at the close were un-In addition to all the other detriments to

business with which traders in wheat have had to contend recently were added prostrated wires, which not only delayed news. but saut off outside orders. Trading was, therefore, more than ever a family affair throughout a conspicuously inanimate session. The fact that the government report, giving the quantity of wheat in farmers' hands, was due after trading hours, rendered speculators still more loath to take upon themselves any unnecessary obligations. May opened unchanged to 1/8c lower at 75%c to 75%c. From this the market declined to 75%@75%c, but reacted to 75%@75%c because of an error in the report making Northwest receipts quite light. This was corrected later, making the quantity much more liberal, and as the cables. which had been delayed, were easy in tone, there ensued sufficient selling to send the diminutive market to 75%c. The close was easy, May 4c lower at 75%c. World's shipments were about as expected. The visible decreased 1.432,000 bu. Seaboard clearances wheat and flour were equal to 773,000 bu, while primary receipts approximated 880,000 bu, compared with 634,000 bu last year. Minneapolis and Duluth reported 570 cars, against 667 last week and 902 a year

Receipts showed an improvement in the grading, and the weather was favorable to curing, although inimical to good roads, May sold between 41@41%c and 40%@40%c, and closed 1/6%c lower at 40%c. Receipts were 402 cars, 30 of contract grade. Oats shared in the duliness and ruled easier in sympathy with corn. There was only a small local trade in futures, and the cash markets were also dull. Receipts were 257 cars.

Provisions were dull and ruled easier inder liquidation, lack of outside support and on large hog receipts. May pork, which received the most attention, closed 15c lower; May lard 21/2c down, and May ribs unchanged. Estimated receipts to-morrow: Wheat,
